Clear-Cat™ is a bio-catalytic composition that transforms water care. Solves the key challenges of maintaining water system quality and clarity, especially the management of heavier organic loadings.

Clear-Cat™ works through the power of highly reactive nanobubbles and the beta-oxidation of organic molecules. Generates higher levels of dissolved oxygen (DO) within the water column. Eliminates biological film growth (slime layers) on surfaces.

Clear-Cat™ will enhance the performance of any other oxidizing, sanitizing, and anti-scaling chemical agents, while simultaneously reducing their dosage requirements.

Clear-Cat™ safeguards equipment and improves water discharges, while providing the highest level of water clarity.

- Reduces chemical usage.
- Helps clean heat-transfer surfaces
- Eliminates fouling of filters.
- Improves water quality and safety to humans and aquatic life.
- Reduces ammonia in the water column.

Clear-Cat™ is compatible with all existing sanitizing chemicals and filtration systems.

BIO-ORGANIC CATALYST
THE POWER IN WATER™

NON-TOXIC AND SAFE
BIO-ORGANIC SEAL OF SAFETY
HUMAN, ANIMAL & MARINE LIFE

SEAL OF SAFETY
The Bio-Organic Seal of Safety™ is our commitment to offering innovative biocatalytic solutions in water treatment.

THE POWER IN NATURE®

CLEAR-CAT™

LAKES, LAGOONS & WATER BODIES

Bio-Catalytic Water Treatment

Net Content:
■ 2.5 Gallons/10 Liters ■ 55 Gallons/208 Liters ■ 275 Gallons/1041 Liters

DIRECTIONS FOR USE

Water Bodies: 1 oz. (30 ml) of Clear-Cat™ for each 28,000 gallons (106 cubic meters) of water. In larger lakes and lagoons, dosage rates will run 1-2 ppm. Dose weekly, or every other week, depending upon the demands of the site. Recommended to be used with aeration systems, added into the intake side of the unit.

Cooling Towers: 1-2 ppm of Clear-Cat™ based on the total volume of water.

Consult with your Clear-Cat™ water treatment specialist. Clear-Cat™ can be added manually, or with a metered pump.

PRODUCT SPECIFICATIONS

Clear-Cat™ is non-toxic, non-caustic, and safe to handle.

Recommended Shelf Life: 2 years.

Storage Temperatures: Minimum 2°C, Maximum 50°C.

CONTENTS

Water, highly purified yeast extracts, non-ionic surfactants.

CAUTION

Keep out of the reach of children. If product from this container splashes in eyes, rinse well with water.

SAFETY DATA SHEET
A Clear-Cat™ Safety Data Sheet is available through the BOC website at www.bio-organic.com. Please read the Safety Data Sheet carefully and follow all directions when using or handling this product.

CLEAR-CAT™
MANUFACTURED IN THE USA UNDER DOMESTIC AND INTERNATIONAL PATENTS

Guarantor:
